Team Managers will ensure that the appropriate drinks breaks are taken.

If the forecast for the Melbourne CBD, on the day, exceeds 36 degrees, Team Managers must, at the scheduled drinks break (9.25am) check the current temperature by telephoning 1196 (Scoresby). If the temperature at 9.25 am is 36 degrees or more, play is not to resume unless the temperature falls.

In such a case, or in any case where the temperature is below 36 degrees but expected to rise, the Team Managers should check the current temperature every 15 minutes and play is to cease if the temperature reaches 36 degrees.

Play can be abandoned for the day, at 10.30am or at any time thereafter if the Team Managers agree that the temperature is unlikely to fall. In the event of a dispute, the matter is to be referred to the Junior Executive for a ruling.

The forecast temperature is to be confirmed by umpires and team managers by accessing the Bureau of Meteorology by phone on 1196 or through the website www.bom.gov.au (Victoria, Melbourne CBD). This forecast is updated at 5:05 am each morning

The RDCA Junior Committee reserves the right to abandon any match when the weather is extreme.

26.3 Thunderstorms

In the event of acute thunderstorm activity in the immediate vicinity of the playing area, play is to cease immediately and all players, umpires and officials are to find shelter without delay

26.4 Time Lost – Two Day Game (not split innings)

Refer Flow chart Appendix 1

- (a) If play has not started within 90mins of the start time, the day is abandoned and becomes a one day game on Day 2
- (b) If more than 30 minutes of play is lost on the first day of play, then the allocated number of overs for the whole match is reduced by one (1) over for each 3.5 minutes of time lost, rounded up to the next even number of overs. Then divide by 2 to obtain the overs per innings. For example – 65 mins is lost. $65/3.5=18.6$, round up to 20. Therefore a 100 over game will be reduced to 80 overs with each team receiving 40 overs.

Note: The maximum overs the game can be reduced by is 20. Each team must receive a minimum of 40 overs per innings.

- (c) If there has been less than 25 overs bowled on Day 1 (or there is insufficient time to bowl 25 overs), the game is abandoned and becomes a one day game on Day 2
- (d) Where time is lost on the second day of play, the game is to continue until a result is reached, subject to an extension under Junior Rule 17.3.
- (e) To obtain a result, the team batting second must receive the same overs as the team batting first, or the team batting second has been dismissed or scored more runs than the team batting second. Otherwise the match will be a drawn result.

Refer to Flow chart Appendix 2. Figures in brackets refer to night games

- (b) If there has been less than 25 (23) overs bowled on Day 1 (or there is insufficient time to bowl 25 (23) overs), the game is abandoned and becomes a one day game on Day 2
- (c) If more than 30 minutes of play is lost on the first day of play (i.e during Split innings 1 and 2), then the allocated number of overs for the whole match is reduced by one (1) over for each 3.5 minutes of time lost, rounded up to the next even number of overs. Then divide by 2 to obtain the overs per innings. For example – 65 mins is lost. $65/3.5=18.6$, round up to 20. Therefore a 100 over game will be reduced to 80 overs with each team receiving 40 overs. Any reduction of overs are to be deducted from Split innings 3 and 4.

Note: The maximum overs the game can be reduced by is 20. Each team must receive a minimum of 40 overs spread across the two split innings.

- (d) If there is any time loss in the 3rd Split of the innings, deduct one over per 7 minutes (round up to whole number) of time lost from Splits 3 and 4. For example 40minutes of time loss $40/7 = 5.7$, deduct 6 overs from Splits 3 and 4
- (e) Unless a result is achieved, there must be a minimum of 20 overs bowled on Day 2
- (f) Where time is lost in the 4th Split, the game is to continue until a result is reached, subject to an extension under Junior Rule 17.3.
- (g) To obtain a result, the team batting last must receive the same overs as the other team, or the team batting last has been dismissed or scored more runs than the other team. Otherwise the match will a drawn result.
