FITNESS OF GROUND

- 17.5 The official umpire(s) (see rule 59) or team captains if official umpire(s) are not in attendance (see rule 61.4) will consider the ground as unfit for play when it is so wet or slippery as to deprive the bowlers of a reasonable foothold, the fielders of the power of free movement, or the batters of the ability to play their strokes or to run between the wickets.

- (a) Conditions will not be regarded as either dangerous or unreasonable merely because they are not ideal, e.g. simply because the grass and the ball are wet and slippery.
- (b) Conditions will be regarded as dangerous if there is an actual and foreseeable risk to the safety of any player or umpire.
- (c) Conditions will be regarded as unreasonable if, although posing no risk to safety, it would not be sensible for the play to proceed.

If team captains cannot agree on the fitness of the ground to play, refer to rule 61.4 ii).

18 GROUNDS, PLAYING SURFACES AND PITCHES

- All competition matches will be played on synthetic, or any other type of pitch approved by the Association.
- 18.1 Reporting of damage to a pitch.
- A club must advise the Women's Committee, through the Women's Committee Secretary, that synthetic surface has been damaged. Such advice is to include details of the action the club plans to take. The Women's Committee Secretary will confirm whether the action is acceptable and carry out inspection, if, or as, necessary.
- 18.2 Laying of a new/replacement pitch.
- A club must advise details of the type of synthetic to be used and obtain the approval of the Women's Committee, via the Women's Committee Secretary before laying same.
- 18.3 A synthetic wicket will not be more than nine (9) feet and not less than six (6) feet wide and not less than seventy-eight (78) feet long.
- 18.4 On synthetic wickets, the batting or popping crease will be marked IN WHITE, four (4) feet in front of and parallel to the bowling crease. Clubs failing to have painted creases on synthetic wickets will incur a fine of 10 penalty units.
- 18.5 The Women's Committee may require a club whose synthetic wicket is, in its opinion, not of the required length or in good condition, to repair or replace the wicket to the satisfaction of the Women's Committee within a reasonable time.
- 18.6 All pitches and surrounds must be properly prepared for each day's play by the home team, which will be responsible for the provision of an approved playing surface, marking full circles of 10 meters radius on the ground and centered on each middle stump and the proper fixing of boundaries.
- 18.7 All line markings including on the pitch, circles and boundaries must be a minimum width of 2cm.
- 18.8 To assist in the adjudication of wide's in limited-over matches, a white line must be painted extending from the popping crease to the bowling crease, the inner edge being 75 centimetres either side of the outside stumps.
- 18.9 Clubs will be responsible for setting playing boundaries and must ensure that player safety is always considered when setting the boundaries by taking any hazards out of the field of play (e.g. football goalposts, drains).
- 18.10 Boundaries will, where possible, be set as per Table 18-1 from the centre of the pitch. Boundary markers (lines, ropes, cones, etc.) must be used and placed at least 3.1 metres away from any hazards including but not limited to fencing, concrete gutters, trees, or other solid structures which may cause injuries to cricketers. Raised markers must be set no more than 10 metres apart. The boundary between markings will be taken as a straight line unless a continuous white line clearly marks the boundary.

- 18.13 All grounds and pitches will always be subject to the approval of the Women's Committee and any instructions issued by the Women's Committee for their improvement must be carried out.

- 18.14 The RDCA will have prior claim over all grounds of clubs competing in the RDCA for use in connection with all final matches, as defined in Rule 49.2. Each club must ensure that before the start of each season, a booking is made for its main ground for possible use for final matches.

19 EQUIPMENT

- 19.1 In all grades, each team will provide one new leather ball (142 grams), purchased from the Association, to be used as the match ball when opponents are batting. The balls so provided must be approved by the professional umpires or by the captains if no professional umpire be present. A substitute ball in good condition will be provided by each team and handed to the umpire or umpires before the commencement of the match for use in case the ball originally provided is lost or becomes unfit for further play.

20.3 Member Protection including Harassment and Discrimination Policy

Refer to the policy as stated on the RDCA website (www.rdca.com).

The RDCA Board has the discretion to apportion to clubs some or all of the costs incurred in any mediation process.

20.4 Privacy

Refer to the policy as stated on the RDCA website (www.rdca.com).

20.5 Player Safety: Underage Players (to be read in conjunction with Rule 20.6)**1) Helmets**

Any protective helmet, which must be fitted with a face grill, will be of a colour, type, standard, design and brand approved and advised by Cricket Australia.

Notwithstanding the above, the applicable minimum standard for all helmets worn by players is British Standard 7928:2013 'Specification for head protectors for cricketers'.

2) Players under the age of 16 years at the start of the season will not be permitted to field within ten (10) metres of the striker's end stumps except slips and gully in any Senior Grade match within this Association. All players if fielding within ten (10) metres of the batter's end stumps, except slips and gully, are to wear protective equipment – helmets (as described in Rule 20.5 i)) and protectors.**3) All wicketkeepers standing within 3 metres of the stumps must wear a protective helmet as described in rule 20.5 1).****4) Whilst batting, all players must wear a protective helmet as described in rule 20.5 1).****20.6 Player Safety: Senior Community Players**

In line with the ICC (2015) and CA (2019) player safety directives, the RDCA strongly recommends that all Senior players wear British Standard 7928:2013 - '*Specification for head protectors for cricketers*' compliant helmets when batting, wicket-keeping up to the stumps commencing in the 2019/20 season. **Helmets are deemed compulsory for all Senior players when batting. 20.7 First Aid Kit

ALL home teams shall have a First Aid Kit available at the ground for the use of both competing teams and umpires.

In Semi Final and Finals both competing teams must provide First Aid Kits.

20.8 Prior Permission to use a runner.

- 1) A player who has a permanent injury or disability who requires the use of a runner to continue to participate in Women's East matches may seek permission by applying to the Women's Administrator, who will consult the Women's Committee. To be considered the application must:

- Cover the coming season or the season in progress.
 - Be accompanied by a certificate from a registered medical practitioner which is descriptive in detailing the capacity in which the player may compete.
- 2) If approved the application will stand for the coming season or season in progress only and must be renewed each subsequent season unless otherwise advised by the Women's Secretary.
- 3) Once approved by the Women's Secretary they will advise the player and the permit will be indicated on the RDCA website.

20.9 Pregnancy in Cricket Policy

Players should consider continued participation in cricket during pregnancy poses theoretical risks to them and their unborn child.

It is recommended pregnant players seek advice from an appropriately qualified medical practitioner as to:

- the risks involved in participating in cricket while pregnant.
- is it safe to continue participating in cricket while pregnant and, if so, for how long participation should continue?

Further, it is recommended players notify their club of their pregnancy.

A checklist for this policy is available from CV for clubs.

20.10 Age Policy

The RDCA Women's East Competition is an inclusive competition and does not discriminate on age or ability. With an increase in girls playing cricket over recent years a pathway has been created for females, and it is important to not risk turning players away from the game. Young players can be scared or discouraged if they play at too high a level, whilst on the flip side more experienced players who want to play in a competitive environment should be able to do so.

With the availability of all-girls cricket competitions and other cricket formats for females, the RDCA provides the following guidance on age requirements:

- Clubs are to use common sense when determining whether a player should take part in a Women's East Competition match.
- If the player is under 15 years of age and has access to an all-girls competition, we recommend they only play in the Women's East Competition if they have represented their region in CV Youth Premier League (YPL) (formerly known as State Championships), or their standard is at least equal to one adult team member.

RDCA encourages mothers and daughters to play together in our competition, but if the daughter is under 15 and does not meet the standards discussed above, they can only take part in lower grade/s RDCA Women's East matches.

20.11 Other Policies

RDCA requires teams playing in the Women's East Competition to have the following up-to-date and signed off policies:

- Covid 19 Return to Train and Play Policy
- Cricket Australia's Child Safe Policy

20/20 (T20) MATCHES

21 CONDITIONS OF PLAY

The Laws of Cricket and the Women's East Rules and Playing Arrangements of the RDCA, except as varied herein, will apply.

22 DURATION OF MATCH AND NOMINATION OF TEAMS

- 22.1 The match will consist of one innings per team with each innings limited to a maximum of 20 overs.
- 22.2 The team batting second will be entitled to receive the same number of overs as the team batting first that is, should the innings of the team batting first be completed "all out", the team batting second will be entitled to bat until the completion of the 20th over or when a decision has been reached.
- 22.3 A team can have twelve (12) RDCA registered players of which any combination of eleven (11) players can bat, bowl and field.
- 22.4 Each team must declare their 12 players by exchanging team lists in the score book. Listing all 12 players and indicate underage players where relevant, before the commencement of play.
- 22.5 All 12 players of a team must be entered in PlayHQ and be recorded in both scorebooks. If players are not listed in the scorebook and on PlayHQ they are unable to count the match towards finals qualifications.
- 22.6 Clubs are not permitted a guest player. All players must be registered members of that club. Any player who has played women's cricket at any other club (including district, sub-district, and other competitions) this current season will be deemed ineligible without written permission from the Women's Secretary.
- 22.7 Matches will be played on days determined by the RDCA Women's Committee at the 'home' club venue.
- 22.8 The RDCA's Adverse Weather policies covering rain, lightning, and heat apply to all T20 matches.
- 22.9 **There will be an interval of 20 minutes between each innings.**
- 22.10 A drinks interval will be permitted after 10 overs of each innings.
- 22.11 An individual player may be given a drink either on the boundary edge or at the fall of a wicket, on the field, provided that no playing time is wasted. No other drinks will be taken onto the field without the permission of the umpires.
- 22.12 Matches will commence at 1:00 pm.

23 DELAYED OR INTERRUPTED MATCHES

- 23.1 Time lost during the first innings for adverse weather or other unforeseen circumstances will result in both innings being reduced by 1 over for every 7 minutes, or part thereof lost.
- 23.2 The minimum number of overs faced by each team to constitute a match is 10.
- 23.3 If a match that has commenced cannot be completed because of weather, light or some unforeseen reason, the match will be declared a draw.
- 23.4 If the team batting second has its time/overs cut short and provided at least 10 overs have been bowled, the winner will be determined by the team with the highest comparative score at the time of the last completed over irrespective of wickets lost.

24 THE BALL

One new white RDCA approved cricket ball will be used to commence each inning. Clubs are expected to have additional balls available in case of lost balls etc. in order to avoid delays.

25 BATTING RESTRICTIONS

- 25.1 In all grades EXCEPT A Grade Batters retire as soon as they make 50 runs (not the end of the over). RETIRED NOT OUT is the scorebook entry.
- 25.2 When all available players in the team have batted, RETIRED NOT OUT batters may return in order of retirement and bat until dismissed or until the close of the innings.
- 25.3 When a batter returns to the crease the bowling team may reuse any bowlers who have bowled without any of the original over limitations.

26 ALLOWABLE DELIVERIES PER OVER

Overs shall be a maximum of eight (8) balls, regardless of the number of illegal deliveries, however the final over of each innings shall be completed by six (6) legal deliveries.

27 BOWLING RESTRICTIONS

- 27.1 No bowler may bowl more than four (4) overs in an uninterrupted match.
- 27.2 Over allocation per bowler (interrupted match): In a match where there is a delay to the start, or an interruption to play in the first innings causes the reduction of the number of the allotted overs for both teams to less than twenty (20):
 - No bowler may bowl more than one fifth of the allotted overs
 - When the overs are not divisible by five, an additional over shall be allowed to the minimum number of bowlers necessary to make up the balance. e.g. in a twelve (12) over match, two bowlers may bowl three (3) overs, and no other bowler may bowl more than two (2) overs.
- 27.3 If the team batting second has its time/overs cut short and provided at least 10 overs have been bowled, the winner will be determined by the team with the highest comparative score at the time of the last completed over irrespective of wickets lost.
- 27.4 When the number of overs is revised during the first innings such that both teams have the opportunity to face the same number of overs, and one or more bowlers have already exceeded the revised limit, the same number of bowlers in the second innings may match these overs. e.g. the revised limit is two (2) overs, but one bowler has bowled four (4) and another three (3). In the second innings one bowler may bowl four (4) overs and another may three (3), no other may bowl more than two (2).

28 BOWLING PROCEDURE

- 28.1 Overs are to be bowled in five over blocks alternating between ends, i.e. overs 1 to 5 are bowled from one end, 6-10 from the other end etc.
- 28.2 At the end of each over, only the two batters change ends (only officially appointed professional umpires are to officiate at the bowler's end).
- 28.3 Apart from normal fielding position changes, the fielders only change after each five over block. At the end of each five over block, the batters remain at the same end (as do umpires if 2 officially appointed umpires are in charge).

- 28.4 Matches may be played by bowling from only one end if umpires decide that the other end is unfit for play (wet, sun glare etc.) or other exceptional circumstances (e.g. propensity for lost balls).
- 28.5 In the event of a bowler breaking down and being unable to complete an over, the remaining balls will be allowed by another bowler. Such part of an over will count as a full over only in so far as each bowler's limit is concerned.

29 FIELDING RESTRICTIONS

- 29.1 An inner circle of 30 metres radius is to be clearly marked to allow fielding restrictions to apply. This should be marked by producing two continuous semi-circles out from the centre stump at each end and a continuous parallel line on each side of the wicket joining the semi-circles.
- 29.2 The number of fielders allowed outside the fielding restriction circle in each innings is as follows (irrespective of any reduction in overs):
- for the first 5 overs of an innings up to 2 fielders will be allowed outside a 30-metre circle
 - for the next 5 overs (overs 6-10) up to 3 fielders will be allowed outside a 30-metre circle
 - for the next 5 overs (overs 11-15) up to 4 fielders will be allowed outside a 30-metre circle
 - for the remaining 5 overs (overs 16-20) up to 5 fielders will be allowed outside a 30-metre circle.

In an interrupted or reduced over match then fielding restrictions will apply as follows:

Length (overs)	2 out	3 out	4 out	5 out
20	1-5	6-10	11-15	16-20
19	1-4	5-9	10-14	15-19
18	1-3	4-8	9-13	14-18
17	1-2	3-7	8-12	13-17
16	1	2-6	7-11	12-16
15		1-5	6-10	11-15
14		1-4	5-9	10-14
13		1-3	4-8	9-13
12		1-2	3-7	8-12
11		1	2-6	7-11
10			1-5	6-10

Less than 10 overs each = no match.

30 TIMED OUT

The incoming batter must be in position to take guard or for their partner to be ready to receive the next ball within one and one half (1½) minutes (90 secs) of the fall of the previous wicket. The incoming batter is expected to be near the boundary and to jog to the wicket.

31 NO BALLS AND WIDES

- 31.1 In T20 matches, where a professional umpire is officiating, one (1) ball per over may pass between the batter's shoulder and top of the head whilst standing in an upright position. Any other ball within the over which, in the umpire's opinion, would pass higher than the height of the batter's shoulder whilst standing in an upright position will be called and signalled as a "no ball" by the umpire at the bowler's end or by a professional umpire at square leg.

- 31.2 Where a professional umpire is not officiating, any ball that would pass higher than the height of a batter's shoulder whilst standing in an upright position shall be called and signalled as a "no ball".
- 31.3 Dangerous and unfair bowling: Where a professional umpire is officiating, the rule will be applied as it is listed in the Laws of Cricket (Law 41.6 and 41.7) except as stated below.
- In all matches, ANY delivery which passes or would have passed on the full above waist height of the striker standing upright at the crease is to be called a "No ball".
- NOTE!** Either umpire may make the call on such deliveries.
- If considered by the umpire(s) not to have been deliberately bowled, the delivery will be called and signalled "No ball" only. No cautionary or other action will be taken.
- If directed at the batter AND considered dangerous, the cautionary requirements, as stated in Cricket Law 41.7 will apply.
- 31.4 Wides: For the purposes of determining "wides" in matches:
- On either side of the wicket, if the ball passes outside the extension of the painted lines as described in Rule 18.8 as it passes the popping crease, it will be deemed wide.
- 31.5 Any additional extras scored off such deliveries will be debited against the offending bowler.
- 31.6 Any delivery pitching off the designated playing surface will be called and signalled "No ball". Any additional extras scored off such deliveries will be debited against the offending bowler.
- 31.7 At the instant of the bowler's delivery there shall not be more than five (5) fielders on the leg side. In the event of infringement of this law the umpire shall call and signal "No ball".

32 DECLARATIONS

The captain of the batting team may not declare their innings closed at any time during the course of the match.

33 FREE HIT

- 33.1 No ball foot fault: The delivery following a no-ball called for a foot fault (Laws of Cricket 21.5) shall be a "free hit" for whichever batter is facing. If the delivery for the free hit is not a legitimate delivery (any kind of no ball or a wide ball), then the subsequent delivery will become a "free hit" for whichever batter is facing it. The Umpire will advise the on-strike batter of the "free hit".
- 33.2 Should a foot fault no ball occurs on the 8th delivery of an over, the over will end without a 9th delivery, except in the final over of an innings. In the final over, the requirement for this no ball shall be invoked immediately and the bowler shall bowl a further 9th ball in that over. Should another illegal delivery (wide or no ball) occur the over shall continue until the free hit has been utilized.
- 33.3 Dismissed from a "free hit": For any free hit the batter may only be dismissed under the circumstances that apply to a no ball, even if the delivery for the "free hit" is called a wide ball.
- 33.4 Field changes: Field changes will only be permitted for a "free hit" delivery where a different batter is on strike for the "free hit" delivery.

Formatted: Superscript

34 RESULT

- 34.1 Teams receiving equal overs: When there is no interruption after play has commenced and when both sides have had the opportunity to bat for the same agreed number of overs, the team scoring the higher number of runs (including penalty runs) shall be the winner. The result will be a tie, irrespective of wickets lost, if the same number of runs have been scored.
- 34.2 Team batting second receiving less overs than team batting first: Where there is a reduction of overs so the team batting first faces a minimum of ten (10) overs and the number of overs in the

second innings is reduced to less than ten (10) and both captains agree a win is not possible, the match shall be declared a "draw".

- 34.3 Target Score: In a match where an interruption to the innings of the team batting second occurs, a target score, relevant to the allowable overs shall be determined. To win the match, the team batting second must achieve the target score.

Note: Calculation form for target score is available at Appendix 1

- 34.4 Should the team batting first be dismissed in less than 20 overs the remainder shall be deemed to have been received, i.e. the target score shall be calculated using 20 overs. Where the recalculated overs for the team batting second are fewer than 10 completed overs the target score shall be calculated on a minimum of 10 overs.
- 34.5 The result shall be a "draw" if the batting team does not achieve the target score, nor the bowling team dismiss the batting team if the recalculated overs is less than 10.
- 34.6 End of play: Once a result is achieved play will end.

ONE DAY MATCHES

35 CONDITIONS OF PLAY

One-day matches represent the long form of the game in the Women's East competition. Matches will consist of a designated maximum number of overs as defined for the grade and will be single innings matches. **That maximum will be 80 in A Grade (40 overs per team), 72 in B Grade (36 overs per team), 72 in C Grade (36 overs per team), and 60 overs in D Grade (30 overs per team).**

Appendix 1

CALCULATION FORM FOR TARGET SCORE

Women's East Match One Day Match and Twenty20 Match

MATCH:	GRADE:	
UMPIRE:	DATE:	ROUND:

A. CALCULATION OF RUN RATE			
		ONE DAY MATCH	TWENTY20 MATCH
A1	Total runs scored by team batting first		
A2	Overs received by team batting first		
A3	Run rate per over team batting first = (divide A1 by A2) Note: Calculate to 3 decimal points		

Notes: For Section A2, if the Team batting first is dismissed in less than:

One Day match – (36 overs) use 36 overs for calculation of run rate (use number of overs applicable for grade)

One Day match - Where interruptions cause reduction to maximum 20 overs per innings use 20 overs for calculation of run rate

Twenty20 match - Where interruptions cause reduction to maximum 10 overs per innings use 10 overs for calculation of run rate

B. TARGET SCORE ONLY APPLIES WHEN: INTERRUPTION IS TO INNINGS IS OF TEAM BATTING SECOND ONLY			
		ONE DAY MATCH	TWENTY20 MATCH
B1	Overs available in innings of team batting second		
B2	Run rate of innings of team batting FIRST		
B3	Total runs (multiply B1 x B2)		
B4	Round up fractions to nearest whole number		
B5	Add 1 run to B4		
B6	Target Score - to win		

EXAMPLE 1: One Day Match - Team batting first compulsory closed after 38 overs with a total of 142 runs. There is a total of 44 minutes of interruption to the innings of the team batting second.

44 minutes less 30 minutes (recoupment time) = 14 minutes actual time lost. Divide by 3 ½ minutes to calculate overs lost. In this case 4 overs lost.

EXAMPLE 2: Twenty20 Match – Team batting first completes 20 overs at 6/120. There is a total interruption to the innings of team batting second of 21 minutes. **Note: THERE IS NO ALLOWANCE FOR RECOUPMENT TIME IN TWENTY20 MATCHES.** Divide 21 minutes by 3 ½ minutes = 6 overs lost.

C. CALCULATION OF RUN RATE			
		ONE DAY MATCH	TWENTY20 MATCH
A1	Total runs scored by team batting first	142	120
A2	Overs received by team batting first	38	20
A3	Run rate per over team batting first = (divide A1 by A2)	3.736	6.00

For a match to continue time calculations for overs must be available for the team batting first to receive a minimum: **20 overs (One Day Match) or 10 overs (Twenty20 Match)**

D. PROCESS TO CALCULATE TARGET SCORE – INTERRUPTION TO INNINGS OF TEAM BATTING SECOND ONLY			
		ONE DAY MATCH	TWENTY20 MATCH
B1	Overs available in innings of team batting second	38 – 4 = 34 overs	20 – 6 = 14 overs
B2	Run rate of innings of team batting <u>FIRST</u>	3.736	6.00
B3	Total runs (multiply B1 x B2)	127.024	84
B4	<u>Round up</u> fractions to nearest whole number	128	84
B5	Add 1 run to B4	+ 1	+ 1
B6	Target Score – to win	129	85

Notes:

- Target Score only becomes relevant should there be interruption to the innings of the team **batting second** and is relevant to no less than 20 overs for Match Rule 12 One Day Match and no less than 10 overs for Match Rule 13 – Twenty20 Match.
- In One Day matches - The recoupment time (in the second innings only) of the maximum of thirty minutes (Match Rule 12 – One Day Match) must be utilised for the Target Score to be invoked

**STATE OF PLAY FOR INNINGS OF TEAM BATTING SECOND WITH LESS THAN
20 OVERS (ONE DAY MATCH) : 10 OVERS (T20) AVAILABLE**

EXAMPLE 1: One Day Match - 20 overs x 3.736 run rate = 74.72 (round up) = 75 + 1 = target score of 76 **TO WIN** if 20 or less overs are available the run rate is calculated on minimum 20 overs (If less than 20 overs are available and either Captain feels a result is possible then play continues - should either side not achieve a result a "draw" (Match Abandoned) shall be the result

EXAMPLE 2: Twenty20 Match - 10 overs x 6.00 run rate = 60 + 1 = target score 61 **TO WIN** if 10 or less overs are available the run rate is calculated on minimum 10 overs (If less than 10 overs are available and either Captain feels a result is possible then play continues - should either side not achieve a result then a "no.
